EXW Ex Works

Buyer takes over at the seller's door and carries every cost from there. Lowest quoted price, highest buyer workload.

FCA Free Carrier

Seller clears the goods for export and hands them to the carrier the buyer nominated.

FAS Free Alongside Ship

Sea and inland waterway only. Seller delivers alongside the vessel; loading is on the buyer.

FOB Free On Board

Sea and inland waterway only. Risk passes once the goods are on board. The most common buying term.

CFR Cost and Freight

Seller pays the main carriage but carries no insurance obligation; risk still passes on loading.

CIF Cost, Insurance and Freight

As CFR, plus the seller must buy and pay for cargo insurance (minimum cover unless you agree more).

CPT Carriage Paid To

Any mode. Seller pays carriage through to the named destination; insurance is not obligatory.

CIP Carriage and Insurance Paid

As CPT, plus the seller must insure the cargo through to the named destination.

DAT Delivered At Terminal (DPU)

Seller delivers unloaded at the named terminal. Renamed DPU (Delivered at Place Unloaded) in Incoterms® 2020.

DAP Delivered At Place

Seller delivers to your address ready for unloading; import clearance and duty stay with the buyer.

DDP Delivered Duty Paid

Seller carries everything through to your door, duty and tax included. Highest quoted price, least buyer workload.

Two things worth flagging. Under CIF and CIP the seller is obliged to buy cargo insurance and pay the premium; under every other term insurance is optional, and we recommend buyers arrange their own cover so a loss or damage in transit is recoverable. And this table is a working summary for planning purposes — the binding definitions are the ones published by the International Chamber of Commerce in the Incoterms® rules, so confirm the exact term wording in your sales contract before you ship.

What the Rate Covers

The published figure is **ocean freight, port to port**. It does not include origin haulage to Ningbo, origin customs declaration, destination customs clearance, duty and VAT, or destination delivery — those are quoted separately once the commodity and Incoterm are confirmed.

- Basis: one full container, 40'HQ (40' high-cube container)
- Currency: USD, per container (not per KG or per CBM)
- Rate validity follows the carrier's sheet — spot allocations move week to week, so reconfirm before the cut-off
- Dangerous goods, out-of-gauge and reefer cargo are priced separately

Booking Notes

- Container release and cut-off dates are tied to the specific ETD shown above
- Demurrage and detention start once the destination free time expires
- Space on discounted spot allocations is limited; the rate holds only while the allocation lasts.
