Trade Terms Explained — Who Pays for What

The rate above is quoted on one specific trade term. Change the term and you change how much of the journey to Philippines is already inside the price. The table below maps the eleven common Incoterms® against the twelve cost stages of a door-to-door shipment, so you can see exactly where our responsibility ends and yours begins.

- **Seller** — Cost and arrangement sit with the seller / shipper.
- **Buyer** — Cost and arrangement sit with the buyer / consignee.
- **Negotiable** — Not fixed by the rule — agree it in the contract.

Responsibility for each shipment stage under each Incoterms rule

EXW Ex Works

Buyer takes over at the seller's door and carries every cost from there. Lowest quoted price, highest buyer workload.

FCA Free Carrier

Seller clears the goods for export and hands them to the carrier the buyer nominated.

FAS Free Alongside Ship

Sea and inland waterway only. Seller delivers alongside the vessel; loading is on the buyer.

FOB Free On Board

Sea and inland waterway only. Risk passes once the goods are on board. The most common buying term.

CFR Cost and Freight

Seller pays the main carriage but carries no insurance obligation; risk still passes on loading.

CIF Cost, Insurance and Freight

As CFR, plus the seller must buy and pay for cargo insurance (minimum cover unless you agree more).

CPT Carriage Paid To

Any mode. Seller pays carriage through to the named destination; insurance is not obligatory.

CIP Carriage and Insurance Paid

As CPT, plus the seller must insure the cargo through to the named destination.

DAT Delivered At Terminal (DPU)

Seller delivers unloaded at the named terminal. Renamed DPU (Delivered at Place Unloaded) in Incoterms® 2020.

DAP Delivered At Place

Seller delivers to your address ready for unloading; import clearance and duty stay with the buyer.

DDP Delivered Duty Paid

Seller carries everything through to your door, duty and tax included. Highest quoted price, least buyer workload.

Two things worth flagging. Under CIF and CIP the seller is obliged to buy cargo insurance and pay the premium; under every other term insurance is optional, and we recommend buyers arrange their own cover so a loss or damage in transit is recoverable. And this table is a working summary for planning purposes — the binding definitions are the ones published by the International Chamber of Commerce in the Incoterms® rules, so confirm the exact term wording in your sales contract before you ship.

Service Details

Shekou → Manila South — Current FCL Container Rate

This page carries our live port-to-port FCL rate from Shekou (🇨🇳) to Manila South, Philippines. The figures below are ocean freight for a full container on the Intra-Asia — Philippines lane and are refreshed from the carrier rate sheet each time it is reissued.

Rate by Container Type

- **20'GP** — USD 40 all-in ocean freight
- **40'HQ** — USD 80 all-in ocean freight

Sailing Details

- Carrier / NVOCC allocation: STIC
- Next ETD out of Shekou: weekly sailings
- destination free time confirmed at booking
- Routing: per carrier schedule — direct or transshipment as noted on the booking confirmation

Track your shipment

Enter your tracking number below

Powered by 17TRACK — supports 2,000+ carriers worldwide

i Additional Information

What the Rate Covers

The published figure is **ocean freight, port to port**. It does not include origin haulage to Shekou, origin customs declaration, destination customs clearance, duty and VAT, or destination delivery — those are quoted separately once the commodity and Incoterm are confirmed.

- Basis: one full container, 20'GP (20' standard container) / 40'HQ (40' high-cube container)
- Currency: USD, per container (not per KG or per CBM)
- Rate validity follows the carrier's sheet — spot allocations move week to week, so reconfirm before the cut-off
- Dangerous goods, out-of-gauge and reefer cargo are priced separately

Booking Notes

- Container release and cut-off dates are tied to the specific ETD shown above
- Demurrage and detention start once the destination free time expires
- Space on discounted spot allocations is limited; the rate holds only while the allocation lasts.

☐ China to Philippines — Shipping Reference Data

Main sea gateways	Manila (MICT and South Harbor), Cebu, Davao
Destination customs authority	Bureau of Customs (BOC)
De-minimis / duty-free threshold	PHP 10,000
Import tax & duty regime	VAT 12%; duty 0–30%, with ACFTA preference available on a Form E
Local currency	PHP
Typical clearance / dwell time	4–9 days
Peak / busy season	Sep–Nov
Conformity & certification	BPS Import Commodity Clearance for regulated products; FDA licence for food, cosmetics and devices; NTC for radio equipment

Thresholds and duty bands are buyer-planning references, not formal customs rulings — confirm the exact HS-code rate for your goods before shipping.

☐ Free 3D Loading Tools for This Sea Route

This page covers a Sea freight service from China to Philippines. Use the matching tool below to plan your cargo before requesting a quote.

3D Container Loading Planner

Wondering whether your cargo fills a 20GP or needs a 40HQ for this Philippines route? The 3D container planner simulates cartons, crates, pallets, and even mixed box sizes in one container.

[Open Container Planner →](#)

☐ Philippines Sea Freight Checklist

- Confirm whether your Philippines rate is per CBM or per container before comparing quotes.
- Ask whether the quote includes destination port charges in Philippines or only ocean freight.
- Check pallet vs floor-loading: floor loading typically fits 8–12% more cartons per container.
- Photograph the container number, seal, and loading process for insurance evidence.

□ Frequently Asked Questions

How long does Sea FCL Port-to-Port (Spot) from China to Philippines take?

Sea freight on this route runs about 25–45 calendar days door-to-door, plus roughly 4–9 days of clearance/dwell once it reaches the gateway. All times include customs clearance under DDP terms.

What duties and taxes apply when importing into Philippines?

Clearance is handled by Bureau of Customs (BOC). The regime is: VAT 12%; duty 0–30%, with ACFTA preference available on a Form E, with a de-minimis position of PHP 10,000. Under DDP these are pre-paid, so nothing is collected on arrival.

Can you ship special cargo (batteries, branded goods) to Philippines?

Yes — battery goods by sea follow UN3480/UN3481 rules with an MSDS; we prepare the dangerous-goods paperwork as part of DDP into Manila (MICT and South Harbor), Cebu, Davao. Surcharges apply.

What certification is needed to import into Philippines?

For regulated goods, plan for: BPS Import Commodity Clearance for regulated products; FDA licence for food, cosmetics and devices; NTC for radio equipment. Missing conformity paperwork is the most common clearance hold with Bureau of Customs (BOC), so confirm requirements for your HS code before shipping.

When does capacity tighten on the China–Philippines lane?

Space and rates tighten around Sep–Nov, plus the China-side windows of Chinese New Year (Jan/Feb) and Golden Week (early Oct). Book 1–2 weeks earlier in these periods.

What documents are required for customs clearance in Philippines?

Bureau of Customs (BOC) typically requires a commercial invoice with HS codes, a packing list, the bill of lading/air waybill, a certificate of origin (may lower duty), and any product certification (BPS Import Commodity Clearance for regulated products; FDA licence for food, cosmetics and devices; NTC for radio equipment). We file these under DDP.
